2 Bedroom, 1 Bathroom, 1 Living/Dining

65 m²

This sleek ingenious modular home has been exclusively designed with the potential to slide the bedroom and living areas to take perfect advantage of the surroundings. Built and delivered in two modular sections this house can be transported to areas without wide access routes.

This modern looking two bedroom home is compact yet is fully equipped with all the designer features you would expect to have in a much larger dwelling. Both bedrooms are a generous double size separated

by the shared bathroom space. The master bedroom comes complete with large wardrobe and flows out through sliding doors to the covered deck area.

The open plan living/dining is spacious and sliding doors also flow onto the covered outside deck area perfect for indoor/outdoor entertaining.

The plan comes complete with a clever external lock up storage space. An ideal addition to your property or a lock and leave holiday home.
